

LARGE FORMAT ARTWORK REQUIREMENTS CHECKLIST

- Pdf file format.
- Supply artwork at 100%
- Files converted to cmyk, not RGB. Any Pantone colours used in the file don't need to be converted.
- Fonts converted to outlines.
- Embed all images and graphics.
- Preferably 5mm bleed with crop marks 2.5mm minimum.
- Resolution of images to be at least 300dpi.
- Preferably no borders on the artwork. (Makes trimming difficult)
- Any keylines or cut lines to be labelled as CutContour and set to overprinting.
